

Title: “Assessing the Impact and Effectiveness of LibreOffice Calc Proficiency and Accuracy as an Academic Tools for CvSU Imus Student”

We are BSIT-3B students from Cavite State University – Imus Campus conducting this survey as part of our research project for ITEC 95 – Quantitative Methods. This study aims to assess the impact and effectiveness of LibreOffice Calc, including proficiency and accuracy of application. Rest assured that all responses will be kept strictly confidential. We appreciate your time and cooperation. Thank You!

Please indicate how much you agree or disagree with the following statements based on your experience or perception of LibreOffice Calc. If you have never used the platform, respond based on what you know or have heard about it.

Name (optional): _____ **Age:** _____

Gender: ☐ Male ☐ Female

Year Level: ☐ 1st Year ☐ 2nd Year ☐ 3rd Year ☐ 4th Year

Strongly Disagree	Disagree	Neutral	Agree	Strongly Agree
1	2	3	4	5

	Questions	1	2	3	4	5
Awareness and Exposure						
1	I am comfortable using basic LibreOffice Calc functions (e.g., adding numbers, creating simple formulas).					
2	I find it easy to enter data correctly and create formulas without mistakes in LibreOffice Calc.					
3	Using LibreOffice Calc has helped me complete academic tasks more quickly or easily.					
4	When I use LibreOffice Calc, I sometimes have trouble with formulas or data entry.					
5	Using LibreOffice Calc has helped me produce better academic work compared to doing calculations manually.					
Perceived Proficiency (For Users or Potential Users)						
6	I feel confident that I can learn to use LibreOffice Calc effectively for academic tasks such as organizing data, performing calculations, and creating charts or reports when necessary.					
7	If I have used LibreOffice Calc, I found the basic tools easy to understand.					
8	I believe I could use LibreOffice Calc for common academic tasks with minimal help.					
9	I am willing to improve my skills in using LibreOffice Calc.					
10	I think LibreOffice Calc can support students in learning spreadsheet skills.					

Perceived Accuracy and Reliability					
11	I believe LibreOffice Calc can handle data accurately based on what I know or have seen.				
12	I think LibreOffice Calc is reliable for performing academic calculations.				
13	LibreOffice Calc can help reduce manual errors in handling academic data.				
14	LibreOffice Calc is likely to provide accurate results when used correctly.				
15	I trust the functions and outputs of LibreOffice Calc, even if I haven't used it extensively.				
Academic Relevance and Effectiveness					
16	I believe LibreOffice Calc is suitable for academic tasks such as research, reports, or data analysis.				
17	LibreOffice Calc can be a helpful tool for organizing and presenting academic information.				
18	Using LibreOffice Calc can help in organizing data, performing calculations, and creating charts to make academic tasks easier and more efficient.				
19	I think LibreOffice Calc is a practical tool for students who need spreadsheet software.				
20	I am open to using LibreOffice Calc in the future for academic or professional purposes.
